

Advance-Nilfisk Part

Advance-Nilfisk Part - Imagine how tedious it will be to tidy up your very own home right after having a large party, with out assistance from cleaning equipment. Back in the day, when upholstery and carpets had the dirt beat out of them manually; brushes, brooms and cleaning cloths were the state-of-the-art cleaning materials of that time.

P.A. Fisker, the founder of Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the business in the year 1906, he started to produce motors so as to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's vision from the start was to own a worldwide company advertising goods internationally.

The Nilfisk C1 was an incredible breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single individual. This creation came in a time where various cleaning machines were massive and required 4 or more operators, hence, the Nilfisk C1 changed everything and evolved the method we clean forever. The brain behind these first cleaning equipment remains unparalleled. Cleaning equipment offer a brilliant solution to an existing dilemma; things get filthy and have to be cleaned regularly, without too much effort.

Gradually, the company Nilfisk-Advance developed through the years. During the early 1980's the business developed fast when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the business, aiming to be an active international player in making professional cleaning equipment. Nilfisk-Advance is presently represented in all parts of the world due to steadily obtaining many small businesses so as to grow their product selection and presence in new markets. They are really proud to present a range of cleaning solutions to suit every need.
